---

STEP 1: Watch the Starter Roadmap Video (Must-Watch First)

- **What it is:** A must-watch introduction that outlines your entire UiPath learning journey.
- **Why it matters:** Helps you understand the path clearly, avoid confusion, and save time.

- **Watch Now:** https://youtu.be/SPvWRxYLWhc?si=mwiY6H9ddghDXZ91

STEP 2: Follow UiPath Academy – Official Developer Path

- **What it is:** Free, structured learning provided by UiPath.
- **Why it matters:** Offers verified certifications and teaches everything companies expect from RPA developers.

- **Get Started:** academy.uipath.com

STEP 3: Watch Beginner-Friendly YouTube Playlists

- **What it is:** Live training, hands-on walkthroughs, and real-world projects in **English & Hindi**.
- **Why it matters:** Bridges the gap between theory and practice.

- **English Playlist:** https://www.youtube.com/playlist?list=PLEYSwx3duQ2AZKIUewc2phz6sjzOv42q3
- **Hindi Playlist :** https://www.youtube.com/playlist?list=PLEYSwx3duQ2BSbJTsWADFggPgurO0kdhM

STEP 4: Learn UiPath Orchestrator & Re Framework (Do Not Skip)

- **Orchestrator:** Web platform to manage, monitor, and schedule bots.
- **Re Framework:** A reusable project template for building robust enterprise automations.
- **Why it matters:** These are used in nearly every real-world RPA project.

- **Orchestrator:** https://www.youtube.com/playlist?list=PLEYSwx3duQ2D2nZE1xzuwSh02cHCsWyzp
- **RE Framework** https://www.youtube.com/playlist?list=PLEYSwx3duQ2BoRamKrEQ6grZvrL-mAm7p
- **Udemy paid Orchestrator Course (Optional)** : https://www.udemy.com/share/10d9Iv/

STEP 5: Practice with Proof of Concepts (POCs)

What it is: Small automations to build practical experience with:

- Excel : https://www.youtube.com/playlist?list=PLEYSwx3duQ2A6C_i5f9IQziVcWZn7fB86
- Email: https://www.youtube.com/playlist?list=PLEYSwx3duQ2DszZgOhhsX2ikmAD9B9BP3
- PDF Extraction , Web & Data Scraping

Why it matters: Builds confidence and helps you **apply what you've learned** in real-world scenarios. These can be your personal automations as well.

STEP 6: Build Industry-Level Use Cases (All Material, Input Files and Code is shared)

- **What it is:** End-to-end automation projects simulating real business workflows.
- **Why it matters:** Perfect for interviews, portfolio building, and job-readiness.

STEP 7: Learn Basic VB.Net for UiPath (Optional)

- **What it is:** VB.Net is used for expressions and logic in UiPath.
- **Why it matters:** Knowing even basics improves your ability to build efficient automations.

STEP 8: Explore Advanced Concepts & AI Integration

AI Center

- **What it is:** Platform to use AI models within UiPath.
- **Why it matters:** Helps automate tasks involving decisions, predictions, or complex documents.

- https://www.youtube.com/watch?v=_VwI9g5AZOk&list=PLEYSwx3duQ2ATf79SZ_0hCzjNsEoUvwDc

Document Understanding (Do not Skip) - These are hand on - You can download materials and follow along

- **What it is:** Extract data from unstructured documents like invoices, resumes, and forms.
- **Why it matters:** Crucial for automating document-heavy workflows.

- https://www.youtube.com/playlist?list=PLEYSwx3duQ2BWUnJORX4YVK54geNDJInW

Integration Services

- **What it is:** Learn to connect UiPath with apps like Salesforce, Gmail, Outlook, APIs, etc.
- **Why it matters:** Makes your automations more powerful and scalable.
